Hello and good morning. I really appreciate you guys sticking up for us because no one else would. it was really hard time when I had this loan and I did my best to keep it but it up...even though it was ridiculously high... in the end I lost my job and the due to the repossession of the car. Now i am homeless and still recovering. I was working up north in bradley california... they repossessed the car and i had to find a way home to los angeles... over 500 miles.

I hope everyone who was taken advantage of gets a lil ray of light from this settlement.

My warmest regards to you and your legal team. Thank you for your time and effort to help us all.

If you need me for anything please let me know.
